# Amended STATEMENT OF BENEFITS UTILITY DISTRIBUTABLE PROPERTY

State Form 52446 (R3 / 11-15)
Prescribed by the Department of Local Government Finance

#### **PRIVACY NOTICE**

Any information concerning the cost of the property and specific salaries paid to individual employees by the property owner is confidential per IC 6-1,1-12,1-5,1.

FORM SB-1/UD

#### INSTRUCTIONS:

- 1. This statement must be submitted to the body designating the Economic Revitalization Area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body BEFORE a person installs the new manufacturing equipment and/or research and development equipment, and/or logistical distribution equipment and/or information technology equipment for which the person wishes to claim a deduction.
- 2. The statement of benefits form must be submitted to the designaling body and the area designated an economic revitalization area before the installation of qualifying abatable equipment for which the person desires to claim a deduction,
- 3. To obtain a deduction, Form UD-ERA must be filed with the county assessor. Form UD-ERA must be filed between January 1 and May 15 of the assessment year in which new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment is installed and fully functional, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between January 1 and the extended due date of that year.
- 4. Property owners whose Statement of Benefits was approved must submit Form CF-1/UD annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
- For a Form SB-1/UD that is approved after June 30, 2013, the designating body is required to establish an abatement schedule for each deduction allowed.
   For a Form SB-1/UD that is approved prior to July 1, 2013, the abatement schedule approved by the designating body remains in effect. (IC 6-1.1-12.1-17)

* If the designating body limits the time period during which an area is an economic revitalization area, that limitation does not limit the length of time a taxpayer is entitled to receive a deduction to a number of years that is less than the number of years designated under IC 6-1.1-12.1-17.								

### IC 6-1.1-12.1-17

### Abatement schedules

Sec. 17. (a) A designating body may provide to a business that is established in or relocated to a revitalization area and that receives a deduction under section 4 or 4.5 of this chapter an abatement schedule based on the following factors:(1) The total amount of the taxpayer's investment in real and personal property.

(2) The number of new full-time equivalent jobs created.

(3) The average wage of the new employees compared to the state minimum wage.

(4) The Infrastructure requirements for the taxpayer's investment.

(b) This subsection applies to a statement of benefits approved after June 30, 2013. A designating body shall establish an abatement schedule for each deduction allowed under this chapter. An abatement schedule must specify the percentage amount of the deduction for each year of the deduction. An abatement schedule may not exceed ten (10) years.

(c) An abatement schedule approved for a particular taxpayer before July 1, 2013, remains in effect until the abatement schedule expires under the terms of the resolution approving the taxpayer's statement of benefits.

## Amended Statement of Benefits

### Jordan Creek Wind Farm LLC

### Attachment

### Section 2 Description of Project

Applicant desires to develop a Wind Energy Conversion System Project, a significant portion of which will be located in Warren County. This Project will consist of wind turbines and steel towers, a substation to be installed within the Project area, transmission lines, and an operation facility to house trucks and other equipment. The investment required in Prairie, Jordan, and/or Liberty Townships will be approximately \$300,000,000. These cost estimates are preliminary and may change closer to the initiation of construction. These estimates include estimated expenditures in both real and personal property, together with utility distributable property, in connection with the Project.

### Section 3 Estimate of Employees/Salaries as Result of Proposed Project

Applicant estimates that three to five permanent full-time employees will be employed at the completion of the Project. This includes crew members and administrative staff. This does not include temporary employment during the construction phase. The salary for these positions will range from approximately \$30,000 per year to approximately \$60,000 per year for managers.

Note: This Amended Statement of Benefits replaces and supersedes the SB-1 forms filed on behalf of the Project by Orion Renewables which provided for 3 potential Phases of Project investment. Under this Amended SB-1, the first \$150MM of investment is on a traditional abatement schedule of 100%-90%-80%-70%-60%-50%-40%-30%-20%-10% and the second tranche of \$150MM is on a full 100% abatement schedule for 7 years.
